

Airflow Summit

September 19-21, 2023

Toronto, Canada

Marriott Downtown at Eaton Centre

<https://airflowsummit.org>

Airflow Summit Goal

*Airflow Summit 2023
will be the 4th edition of
this very successful event,
while being the 1st
in-person Airflow global
conference.*

The Airflow Summit goal is to showcase Apache Airflow as a state-of-the-art workflows technology, meeting the evolving needs of users and calling for more contributions to maintain strong position of the project.

Furthermore, the event aims to empower the Airflow community with the knowledge and confidence to establish and extend Airflow as a standard orchestration tool within their organization.

2022 edition was hybrid with 13 local events

Airflow Summit 2022 was held in hybrid format, having 13 in-person events located all over the world:

- London, UK
- Tokyo, Japan
- Lagos, Nigeria
- New York, USA
- Bengaluru, India
- SF Bay Area, USA
- Paris, France
- Warsaw, Poland
- Melbourne, Australia
- Sydney, Australia
- São Paulo, Brazil
- Tel Aviv, Israel
- Seattle, USA

Airflow Summit 2022 in numbers

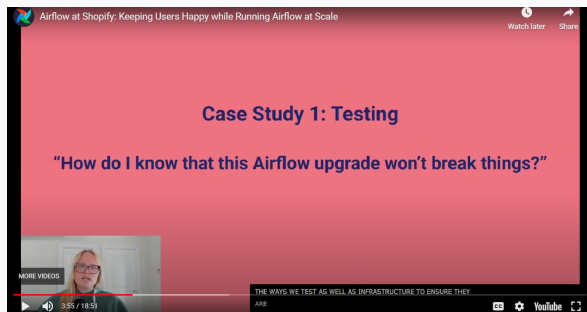

Apache Airflow projects

Apache Airflow helps businesses to reach their goals, and it is one of the most popular open-source data engineering projects.

Apache Airflow users shared their cases at the 2022 summit:

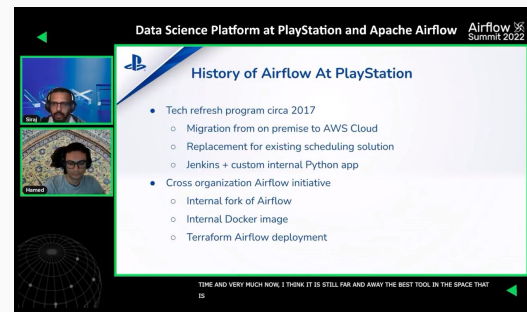

Airflow at Shopify: Keeping Users Happy while Running Airflow at Scale

Unifying Machine Learning Workflows at Credit Karma using Apache Airflow

Data Science Platform at PlayStation and Apache Airflow

Structure & Content

- Airflow Summit will be held in-person, and will consist of a multi-day program distributed over 3 days.
- Content will include:
 - **Airflow Intro talks** - gentle introduction to Airflow for new Airflow users
 - **New features** - using the new features of Airflow for experienced Airflow users
 - **Use Cases** - using Airflow for various sizes of businesses
 - **Committer/Roadmap** - what new things are coming to Airflow and why
 - **Airflow as a platform** - building on top of Airflow to make it more powerful
 - **Workshops** - hands-on content relevant to Airflow
 - Community talks
- Networking time for contacting with the participants.
- The sessions will be recorded and published at Youtube after the event.

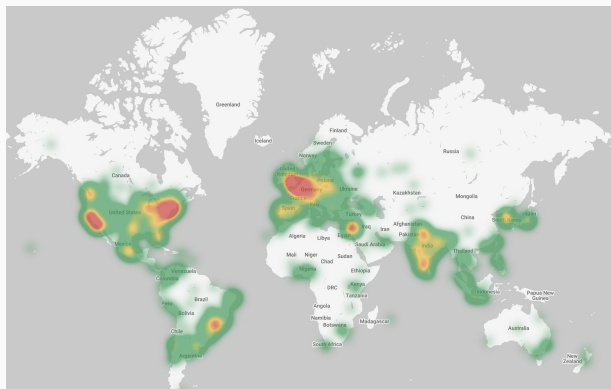

Audience **profile**

Our attendees will be a healthy mixture of:

- Data Scientists
- Data Engineers
- Business Intelligence Analysts
- DevOps Engineers using Apache Airflow
- Potential users of Apache Airflow - those who are considering moving from other workflow engines
- Users or developers of products built on top of Airflow
- Members of other communities that collaborate with Apache Airflow community
- Non-coding community members

2022 *heat map*

*We are
expecting
400-500
in-person
participants.*

We will run a global promotion campaign consisting of:

- Contacting community members through the different project communication channels
- Ads focused on the Airflow to-be users and contributors
- Promotion within previous events participants (10k+)
- Promote the event within the Organizations that are using Apache Airflow
- Provide scholarships and support travel expenses for participants from under represented groups
- Invite local communities focused on data

Reasons to sponsor:

This in-person event is an opportunity to get in contact with users, committers and contributors.

- ✓ Reach technical decision makers in key companies
- ✓ Increase your brand's awareness
- ✓ Connect with a specialized audience
- ✓ Share your success story
- ✓ Reactivate in-person presence
- ✓ Reach out to a global audience
